

ASX RELEASE - 15 JUNE 2004

Health Insurance Fund GMHBA Signs Up to THELMA

GMHBA has signed a three year User Agreement with THELMA for hospital eligibility and hospital claims.

GMHBA is the 11th largest of Australia's 42 private health insurers, and the leading regional health insurer, providing health insurance cover to over 140,000 people predominately in regional Australia.

GMHBA is one of the 23 health funds that use the HAMBS member management software. The connection of HAMBS to THELMA was completed earlier this year, and electronic hospital claims is the first transaction being rolled out across the HAMBS funds.

The signing of GMHBA is expected to lead to the connection to THELMA in the next few months of a number of large regional Victorian hospitals that treat a high proportion of GMBHA members.

GMHBA brings THELMA's health fund coverage in Victoria to over 60%.

About ICSGlobal and THELMA

ICSGlobal's core business is the ownership and operation of the health industry clearing house THELMA (Transactional Health Exchange Linking Multiple Applications). THELMA replaces manual, paper-based health administration processes with intelligent technologies that allow B2B transactions over the Internet. For more information visit www.icsglobal.net and www.thelma.com.au.
