

Eight New Contracts Expands THELMA's Hospital Base

Health services group ICSGlobal has signed 3-year User Agreements with eight new hospitals and day surgeries to use THELMA. The new customers are:

- Stirling District Hospital is a 34 bed private hospital in South Australia offering surgical, medical and day care services
- Abergeldie Private Hospital is a 46 bed private hospital in South Australia offering a broad range of surgical services
- The South Coast Community Hospital is a co-located community hospital based in the Southern Fleurieu area of South Australia. The acute care complex consists of a 18 bed private hospital and a 36 bed public hospital.
- Camperdown Sleep Investigation Centre is a privately operated sleep disorder investigation clinic
- Maroubra Day Surgery is a private 18 bed, facility providing a wide range of elective surgical services.
- Southern Medical Day Care Centre is a 7 bed oncology unit based in Wollongong
- Liverpool Day Surgery is a well established, private day care centre in the south west of Sydney. Liverpool Day Surgery currently has 24 beds with plans to expand in the near future.
- Hornsby Sleep Disorder and Diagnostic Centre is a privately operated sleep disorder investigation centre servicing northern Sydney

This takes to 68 the number of hospitals and days surgeries that have now signed up to use THELMA, representing approximately 12% of the national private hospital market and approximately 31% of NSW public hospitals.

About ICSGlobal and THELMA

ICSGlobal's core business is the ownership and operation of THELMA. THELMA (Transactional Health Exchange Linking Multiple Applications) is the health industry electronic clearing house. THELMA generates both subscription and transaction revenue through replacing existing manual, paper-based health administration processes with intelligent technologies that allow B2B transactions over the Internet.
