

**ASX RELEASE – 18 August 2009**

## **Completion of Rights Issue**

Medical banking and e-health services provider ICSGlobal Limited (ASX: ICS) announced on 1 July 2009 a 2 for 9 renounceable rights issue (“Offer”) at \$0.10 per share to raise \$3.3 million.

The Directors are pleased to advise that the rights issue as offered in the Prospectus lodged with ASX on 15 July 2009 and that closed on 14 August 2009 produced the following results:

Shares applied for: 20,000,000

Shares offered pursuant to Entitlement Issue: 33,330,216

Shortfall remaining: 13,330,216

Total funds received to date are \$ 2,000,000

Under the terms of the Prospectus, the Company has provision to place the shortfall from the Offer.

### **About ICSGlobal and Thelma**

Founded in 1990, ICSGlobal listed on the Australian Stock Exchange in 1999 [ASX:ICS]. ICSGlobal's core business is medical banking: combining e-health and outsourced “accounts receivable” services to shift manual, paper-based healthcare administration processes into the realm of online banking. Underpinning the business is our configurable medical banking clearinghouse technology, **Thelma** (Transaction Health Exchange Linking Multiple Applications), which clears and settles healthcare bills electronically over the Internet. ICSGlobal has a dual-edged global growth strategy around medical banking - the expanded deployment of Thelma and the acquisition of established, profitable medical billing companies. In Australia, Thelma went live in 2000 and volume growth continues at over 50% per annum, and “EziBill”, an Australian medical billing company, went live in 2008. In 2007, ICSGlobal acquired The London Patient Billing Service (LPBS), the UK's leading company in the outsourced patient billing services sector, which has since been renamed Medical Billing & Collection (MBC). In the US, Thelma's “all-payer” national medical banking network went live in October 2008, and the first medical billing company, Medical Recovery Services, Inc., was acquired in December 2008.
