

ASX RELEASE – 7 March 2007

e-clinic connects to THELMA-UK

Software house e-clinic, and MackenzieHealth Limited (MHL), THELMA's UK Agent, have signed an Electronic Transaction Services Agreement for THELMA-UK to carry electronic claims between medical consultants and private health insurers.

Yorkshire-based e-clinic have been developing software solutions for the UK since 1989. Their flagship product, known as e-clinic, was developed in 1997. It's now one of the most popular and highly regarded clinic management systems in the UK. e-clinic's clients range from Harley Street practitioners to international medical groups, and include the Harley Medical Group, the National Health Service (NHS), Synexus, Lasercare, and dozens of small independent clinics throughout the UK.

About ICSGlobal and THELMA

Founded in 1990 as an engineering and IT consultancy, ICS Group listed on the Australian Stock Exchange as ICSGlobal Limited in 1999 [ASX:ICS]. Since 2000, ICSGlobal's core business has been the unique "any-to-any" health industry clearing house technology **THELMA** (Transactional Health Exchange Linking Multiple Applications), which ICSGlobal built, owns and operates. THELMA creates interoperability between the broad range of new and legacy software systems that typically exist in health systems. This enables health industry business partners in any country to conduct financial, clinical and administrative transactions electronically over the Internet.
